Good morning,

I just wanted to update you guys on yesterday's RV Pilot. There were a total of 24 RVs that were given outreach and 8 of those 24 wanted/received the pumping service from the mini-guzzler. However, none of those RVs with any violations were towed due to current Covid-19 restrictions.

I believe we can still service these locations, but not to the RVs until restrictions have lifted.

Best regards,

Let's leave them where they are for now but I think feedback on the program from LASAN's standpoint would be helpful. If towing hasn't taken place in months they should be aware of that. If the day of the week is scheduled based on towing and no towing is taking place...

Hi Luis,

I spoke to CD2 yesterday after talking to Sarah, and they were very hesitant. Unfortunately, they did not agree to switching days.

Good Morning Sarah & Diana,

This is a good move to change it from Thursday to Wednesdays. Sarah do you think we can postpone this operation due to the limitations with the covid 19 pandemic till they remove the restrictions? I think it is a waste of time and resources. Please advise.

Thank you.

Good day!

Hi Diana,

Per our conversation, would you be able to reach out to CD-2 about moving the RV pilot from Thursdays to Wednesdays? There are more available resources that day and it should be a better fit.

Please advise.

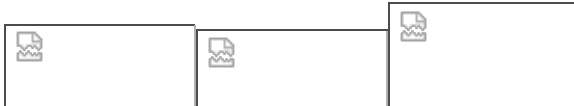

Thank you,

Sarah
